

# FIRELEI BÁEZ:

SUEÑO DE LA MADRUGADA (A MIDNIGHT'S DREAM)

28 JUN - 8 SEP 2024

## AT HOME ACTIVITY GUIDE

Firelei Báez uses the figure of the Ciguapa in her work. The Ciguapa is a mythological figure from Dominican Republic folk stories. It is a creature with long, glossy hair and feet that face backwards, which makes it hard to find her. Báez plays with the mysterious characteristics of the Ciguapa, and allows them to shapeshift in her work.

Take a trip to a place with a body of water. What does the sound remind you of? What sounds would you hear in your dream world?

Find a photo, magazine or newspaper article. Use pens, paint and collage to add to it and give it a new story.
